PHARMACEUTICAL FACTORY TOPS PLAN; APOTHECARY NETWORK SHOWS PROGRESS

Authorities of the Moscow Chemicopharmaceutical Factory imeni Karpov have revealed that their 9-month production quotas were completed on 6 September, some 20 days ahead of schedule. An 8-month production schedule was realized in all categories of products. Labor for the 9-month period turned in a performance record of 12 percent above the norm. Shop No 7 has attained prewar production levels. Its products are characterized by high quality in addition to quantity.

Representatives of the Stalinsk Oblast Apothecary network point with pride to the accomplishments of their personnel. Much has been accomplished by the Zhdanov Inter-rayon Apothecary Administration. At present, there are more apothecaries in Ol'ga, Zhdanov, and Volnovakh rayons than in the prewar period. Recently, a large apothecary was opened in the Il'ichevsk part of Zhdanov city. Another new apothecary was opened at Novo-Troitskiy, Ol'ga Rayon.

The Abkhazian Apothecary network is still growing and it is now capable of rendering excellent service to rural inhabitants. Branch apothecaries have been organized in villages of Gagida, Gal'skiy Rayon, Gumista, Sukhumi Rayon and in Pitsundsk Sovkhoz.

The Central Institute of Roentgenology and Radiotherapy imeni Molotov, Moscow has graduated another class of 106 doctors who had successfully completed a 5-month specialist's course.

A 1,500-bed hospital is being constructed at Stalinsk, Kemerovo Oblast, in the center of the Kuzbass metallurgical industry region. The hospital will be composed of nine five-story buildings which will be connected by elevated as well as underground passages.

The first apothecary store in the Koryak National Okrug has been opened in the village of Tigil'.
